DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No.

10/209,876, filed on 02 August 2002. ***Allowable Subject Matter***

2. Claims 16-18 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 16, the prior art of record neither shows nor suggest a method of manufacturing an electron source comprised of, in part, selecting a predetermined characteristics shift voltage value from the plurality of characteristics shift voltage values by referring to the characteristics adjustment table created for each of the electron emitting devices and applying the predetermined characteristics shift voltage value to the electron emitting devices to shift the characteristics toward the characteristics adjustment target value, along with the other limitations of the claim.

Due to their dependency, claims 17 and 18 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
